

LEMON JUICE

A slightly cloudy juice, just as if
it was freshly squeezed!

**2 NEW
PRODUCTS**

Add a zesty flavour to sweet or savoury dishes with lemon juice.

A great substitute for vinegar to make dressings, sauces and marinades with an added freshness.

The high vitamin C content can prevent discolouring of fruits and vegetables that oxidise quickly and added to rice will prevent it from becoming sticky.

Perfect for adding to juice blends or making lemonade!

These products are now available:
