

Alaskan Bairdi Snow Crab Clusters

Wild caught snow crab with trademark big clusters, cooked.

Alaskan Snow Crab is recognised as one of today's best crustaceans thanks to its delicious, delicately sweet flavor, stunning appearance and ease of preparation.

The Bairdi Snow Crab is considerably more sought after than the Opilio Snow Crab, also sold in Australia. The Bairdi variety is known to be the preferred choice by Alaskans.

Cooked and ready to serve, or heat in an oven or grill to serve warm.
