HALOUMI CHEESE

The Kalós dairy was founded in 1982 and is now the largest exporter of Cypriot haloumi. Our haloumi is produced from 100% fresh milk, collected daily from all over the island country in the Eastern Mediterranean and is still made using a traditional recipe.

With a mild salty flavour and a hint of mint Kalós delivers the best, authentic haloumi. When grilled or fried discover the true character; crispy outside and deliciously melted inside, perfect to serve on burgers, in salads or as a starter.
