

PAPER STRAWS

Make a statement while also being environmentally friendly

Green choice

250
PIECES

WRAPPED
AND
UNWRAPPED

MADE FROM
100% VIRGIN
PAPER

ON TREND AND SUSTAINABLE

Paper straws are quickly becoming popular as a way to replace plastic straws and reduce the impact they have on our marine environment.

Our straws, wrappings and outer packaging are biodegradable and compostable, minimising harm to our planet.

Made from food grade paper, they are durable, hold their shape and look great!
