

A top-down view of various lamb products on a wooden surface. In the upper right, a whole lamb is wrapped in red string on a metal tray, garnished with herbs and a lemon. In the center, a bowl is filled with cubed lamb meat. To the left, there's a small bowl of salt and a whole onion. At the bottom, several lamb chops are visible. The Emerald Valley logo is centered at the top, and a 'FREE RANGE LAMB PASTURE FED' tag is on the right. A green text box at the bottom contains descriptive text, and the Bidfood logo is at the very bottom.

EMERALD
VALLEY

Superior taste by nature.

• FREE RANGE •

LAMB

• PASTURE FED •

Pure lamb genetics and a natural feeding regime of lush pastures, clean water and air gives Emerald Valley lamb a tender texture and a mild flavour like no other. Sourced from regions with temperate climates and high rainfall, resulting in product that is fresh, tender and flavoursome.

Protected under the Livestock Welfare Certified System, Emerald Valley lamb is under the supervision of a specialist management team that has built an enviable reputation for outstanding quality, consistency and service, with respect for the well-being, proper handling and humane processing of all animals.
